

Oasis Academy Lister Park R.E. Curriculum: Year 9

Year 9 – Pupils build upon substantive knowledge acquired in Years 7 and 8 through the study of conflict and forgiveness. Here they can make links with previous learning on **extremism, war, violence and terrorism**, whilst posing ever more challenging questions about human belief and behaviour. Learners will be guided towards increasingly more sophisticated moral debate through the study of medical ethics. This is a foundational skill for further study at KS4.
