## Our 9 habits focus for the week

Why is it important	What it looks like	What it sounds like
Being honest shows that you can take responsibility for your actions which is a valued skill for life that earns respect.	Students always doing the right thing.	"I am sorry Miss/Sir for my actions."
Honesty gains trust from the people around you and builds reputation.	Students owning their actions without argument.	"I need help with..."
	Earning the trust of your teachers and peers.	"I did not do that, but I know who did, it was..."
	Being reliable and trustworthy.	"Thank you for being honest, I appreciate it."
