PM 11.30pm start	Maths Paper 2 1 hr 30 minutes	Business Paper 1 (GCSE) 1 hr 45 minutes			

It's really important that students take these exams seriously which will lead to a grade being issued as part of a results day. This will be the strongest indicator of your child's performance so far and further support teachers to identify gaps in knowledge early so these are then addressed before the next series of mocks. You can support your student at home by ensuring they are revising.

As an Academy, we will also use these mocks to support creating predicted grades for College and 6th Form applications.

To support both you and your student, we will be holding two parent events listed below;

- Thursday 12th October 3.30pm – Support and success evening
The importance of exams, top tips from English, Maths and Science, how you can support your student to succeed.
- Tuesday 28th November 2.30pm – Y11 Autumn mock results day
Come celebrate your students success and share in the excitement of opening the results as well as finding out key information to ensure the next set of mocks are even better.

We look forward to seeing you at these events and thank you for your ongoing support in ensuring that your student leaves as successful as they can be.

Your sincerely

Mr Hinchliffe
