

Remote Learning at Oasis Academy Lister Park

At Oasis Academy Lister Park, we believe in providing a quality remote learning package for all students. We greatly appreciate the way that students have worked hard at home and the support parents have given them in their remote learning. This has had a positive impact on lesson attendance and engagement in our online live lessons.

Remote lessons at Oasis Academy Lister Park focus around live teacher input, assignments and activities, as well as opportunities for students to contribute to class discussions. We also know how important wellbeing is, and therefore have daily Personal Development sessions when tutors check in with their form and make sure students are happy, healthy and positive. Each student has a key worker who checks in with them during the PD session, or via a phone call home.

Our Remote Learning Package 2021

From Wednesday 6th January:

Key Stage 4 and 5 only

- Live lessons for all subjects, including live teacher input, tasks and discussion
- A daily Personal Development session with form tutor

From Monday 11th January – Friday 22nd January:

All year groups

- Live lessons for all subjects, including live teacher input, tasks and discussion
- A daily Personal Development session with form tutor

From Monday 25th January – Friday 29th January:

- During this week, the academy is introducing a morning physical activity to get students active and ready for the day. We understand the importance of children continuing to remain fit and active to support their mental and physical wellbeing. These daily activities are open to students, staff and parents!

All year groups

- A dedicated 'Lifestyle Lister' morning session for physical activity at **9-9.15am**
- Live lessons for all subjects, including live teacher input, tasks and discussion
- A daily Personal Development session with form tutor

From Monday 1st February:

From the 1st February, we will be launching our comprehensive remote learning plan to deliver for the remainder of the national lockdown.

We believe a quality education requires care and support, but also the right balance of teacher input and student application. Our learning package will be balanced and varied, providing opportunities for some learning time to take place without the screen.

This will mean that:

- All students have the daily 'Lifestyle Lister' exercise session from 9-9.15am.
- All students will have a daily Personal Development session with their tutors.

KS3

- Y7-9 students will have 2-3 live Teams lessons daily, but will also have application lessons where they complete project work or a more independent task set by their teacher. This will be less teacher-led, giving the students opportunities to do creative work.

KS4 and KS5

- Years 10-13 will have Live Teams lessons with teachers, including independent application tasks embedded into their long-term teaching plans.

A full timetable will be shared with students and parents ready for the week beginning 1st February. It will be designed around giving students the equivalent of 5 hours of learning each day.

If you have any questions regarding this, please do not hesitate to contact the relevant Achievement Leader for your child's year group.
